

PRE-OWNED & CERTIFIED HYPERBARIC CHAMBERS

Inspected-Certified-Reliable-Affordable

PCCI offers an affordable alternative for hyperbaric chamber ownership with our Certified Pre-Owned chamber systems available at a fraction of the costs of the retail price.

PCCI Hyperbaric Systems has over 40 year's experience providing hyperbaric products and maintenance services for the medical hyperbaric industry.

With the depth of our experience, we are uniquely qualified to provide a Pre-Owned Certification badge on the medical hyperbaric chambers that we put through our rigorous examination process and those that are deemed worthy to wear our certification badge.

PCCI Hyperbaric Systems offers certified pre-owned chambers of most of the recognized brands of medical and research chambers to include brands like: Perry, Sechrist, Pan-America (PAHI), ETC just to name a few.

If you have a favorite brand you wish to acquire, let PCCI help you get the pre-owned chamber you're looking for.

Soft shell chambers are not included.

Innovation and Excellence in Hyperbarics

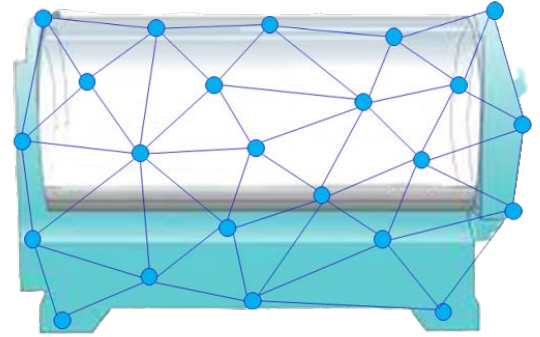

CERTIFIED PRE-OWNED ADVANTAGES

Every PCCI Certified Pre-Owned hyperbaric chamber goes through a 50-point safety inspection, where anything that doesn't meet our high standards is repaired or replaced ensuring reliable service, longevity and value to the customer.

Our inspections are extensive and performed by genuine PCCI Certified chamber technicians who are trained by PCCI Professional Engineers (PEs). Technicians are trained using test instruments for inspections that are certified and calibrated to NIST standards, ensuring that our maintenance services are ISO 9001:2008 compliant.

Detailed inspection and service reports are made available to customers to ensure chamber being sold meets the rigorous standards QA & QC industry standards. All maintenance records are saved in our secure chamber records database for continued reference and after sale support.

50-Point Safety Inspection
